Global Vision

Our Cityshaper vision doesn't stop in London. We believe in making a difference internationally, relieving poverty and improving conditions for the world's poorest. Each of us can make a global difference through our work, prayers, campaigning, lifestyle choices and sharing of the gospel. In Hammersmith the world is on our doorstep.

About us

The Global Vision team exists to raise the profile of these issues and to support church members who are overseas. We also work with **Just Living**, which is a St Paul's Hammersmith initiative encouraging us to be bold stewards of the planet and of one another.

Get in touch

If you're planning to go overseas or if you are interested in mission with a global perspective or issues of social justice, persecution and the environment please get in touch and get involved.
